

## **PETROPERÚ S.A. OBTAINS ITS FIRST ESG SCORE**

**Lima, Peru, March 23, 2023 - Petróleos del Perú S.A. "Petroperú" (OTC:PETRPE)** announces the achievement of its first ESG Score of 28 points in 2022 S&P Global's Corporate Sustainability Assessment (CSA); the average score among all companies analyzed in the oil and gas refining and marketing sector was 30 points, reflecting a performance in the 59<sup>th</sup> percentile of companies evaluated by S&P Global.

Petroperú has obtained above average scores in the following categories: environmental and social reporting, anti-competitive practices, information security and cybersecurity measures, energy consumption for operations, freedom of labour association, philanthropic activities, among others.

The 2022 ESG Score is the baseline for Petroperú to move towards sustainability with environmental, social and governance criteria, as it contains key metrics and corporate performance compared across a wide range of independently conducted sector-specific assessments.

Along this path, Petroperú is developing the report of the Task Force on Climate-related Financial Disclosures (TCFD), which will allow it to identify the extent to which information disclosure complies with international standards, as well as the identification of transition and physical risks derived from climate change. It is also preparing the ESG sustainability strategy and plan with IHS Markit.

### **About Petroperú**

*Established in 1981 as a Public Limited Company pursuant with Legislative Decree No 43 (founded in 1969), Petroperú is one of the largest hydrocarbon corporate entity in Peru in terms of total sales and the largest enterprise of the Peruvian sovereign (100% owned by Peru). Likewise, it is also the Peru's largest refiner in terms of refining volume capacity and form a critical part of the country's energy infrastructure and economy. Also, it has the largest distribution network for crude oil and refined products in the country, and it is the sole provider of refined products to certain areas of Peru. It is also the concessionaire and operator of Peru's main oil pipeline, the "Norperuano Oil Pipeline", which links the crude oil production fields in the northern rainforest of Peru with our facilities in the Port Bayovar near our Talara Refinery. Its business is comprised primarily of midstream and downstream but also upstream petroleum activities, including: the refining and blending of crude and intermediate hydrocarbon products, the distribution and sale of refined products through our wholesale distributors and associated retail service stations and direct sales, the transportation of crude through the Norperuano Oil Pipeline, the concession of Blocks I, 64 and 192, and the leasing of certain of its facilities to third parties.*
