

CURRENT STATUS OF THE NEW TALARA REFINERY

Lima, Peru, April 02, 2024 – Petroleos del Peru S.A. "Petroperú" or "the Company" (OTC:PETRPE) announces today that:

1. The Flexicoking Unit (FCK) of the New Talara Refinery (NTR), since February 8, 2024, has been experiencing problems with its operations. Likewise, as a result of the failure of the National Interconnected Electric System (the grid), which occurred on March 1, 2024, the refining complex came to a complete shutdown.
2. Due to this, the FCK has entered a stage of shutdown of its operations to carry out inspection and repair work for an estimated period of 90 days from March 30, 2024, which includes the commissioning activities, with the aim of guaranteeing its continuity and operational reliability.
3. To date, the NTR continues with the production of fuels such as Turbo A-1, Diesel, gasoline, LPG and residuals through the different processing plants of the refining complex which is in service at 76% of its production capacity.
4. PETROPERÚ S.A. guarantees the timely supply of fuels to its customers in the domestic market.

About Petroperú

Established in 1981 as a Public Limited Company pursuant with Legislative Decree No 43 (founded in 1969), Petroperú is one of the largest hydrocarbon corporate entity in Peru in terms of total sales and the largest enterprise of the Peruvian sovereign (100% owned by Peru). Likewise, it is also the Peru's largest refiner in terms of refining volume capacity and form a critical part of the country's energy infrastructure and economy. Also, it has the largest distribution network for crude oil and refined products in the country, and it is the sole provider of refined products to certain areas of Peru. It is also the concessionaire and operator of Peru's main oil pipeline, the "Norperuano Oil Pipeline", which links the crude oil production fields in the northern rainforest of Peru with our facilities in the Port Bayovar near our Talara Refinery. Its business is comprised primarily of midstream and downstream but also upstream petroleum activities, including: the refining and blending of crude and intermediate hydrocarbon products, the distribution and sale of refined products through our wholesale distributors and associated retail service stations and direct sales, the transportation of crude through the Norperuano Oil Pipeline, the concession of Blocks I, VI, Z-69, 64 and 192, and the leasing of certain of its facilities to third parties.
