

PETROPERÚ ANNOUNCES NEW ATTACKS AGAINST THE NORTH PERUVIAN OIL PIPELINE

Lima, Peru, January 19, 2023 – **Petróleos del Perú S.A. "Petroperú" or "the Company" (OTC:PETRPE)** announced today that, in one hand, on the morning of January 14, 2023, a group of protesters approached the valve at 371 Km of the section II of the North Peruvian Oil Pipeline (ONP), near the Nieva bridge, in the province of Condorcanqui, Amazonas region, with the intention of manipulated it.

Likewise, another group of protesters attacked the ONP infrastructure at 440 Km, Inayo town, Imaza district, Bagua province and they set fire to the surrounding areas.

On the other hand, a new attack against the ONP has been reported on January 16, 2023, when a group of protesters set fire to the ONP in the area close to 389 Km of Section II, near the native community El Paraíso, in the district of Chiriaco, province of Bagua, Amazonas region, as you could review in the next link:

For this reason, Petroperú denounced this serious acts that endangers the lives of the nearby population and could generate a large-scale environmental catastrophe. That's why, it requested the authorities to take the corresponding actions to protect the ONP and identify those responsible.

These new attacks on the ONP have already been communicated to the corresponding entities such as the PNP, OSINERGMIN, OEFA, MINEM, the Public Ministry, among others.

All these acts of vandalism are considered of high risk, since by affecting the integrity of the pipeline them can cause a hydrocarbon spill that -added to the fire- could generate an explosion with fatal consequences for the nearby communities and for the protesters themselves.

Petroperú has reiterated the call to stop the attacks on the infrastructure of the ONP, because it is a Critical National Asset that must be protected to guarantee a safe and sustained operation of the hydrocarbons transportation, but mostly to safeguard the people integrity and environment cares.

The Company maintains updated information on its website about any changes or updates regarding these situations, as you could review in the next link:

About Petroperú

Established in 1981 as a Public Limited Company pursuant with Legislative Decree No 43 (founded in 1969), Petroperú is the largest hydrocarbon corporate entity in Peru in terms of total sales and the largest enterprise of the Peruvian sovereign (100% owned by Peru). It is also Peru's second largest refiner in terms of refining volume capacity and form a critical part of the country's energy infrastructure and economy. It has the largest distribution network for crude oil and refined products in the country, and it is the sole provider of refined products to certain areas of Peru. It is also the owner and operator of Peru's main oil pipeline, the "Nor Peruano Pipeline", which links the crude oil production fields in the northern rainforest of Peru with our facilities in the Port Bayovar near our Talara Refinery. Their business is comprised primarily of midstream and downstream petroleum activities, including: the refining and blending of crude and intermediate hydrocarbon products, the distribution and sale of refined products through our wholesale distributors and associated retail service stations and direct sales, the transportation of crude through the Nor Peruano Pipeline, and the leasing of certain of our facilities to third parties.
