

PETROPERU COMPREHENSIVE TRANSFORMATION BIDDING PROCESS WILL PROCEED TO A SECOND CALL IN THE SECOND HALF OF NOVEMBER

Lima, Peru, November 13, 2025 – Petróleos del Peru S.A. "Petroperú" or "the Company" (OTC:PETRPE) announces that, as part of its ongoing commitment to the implementation of revamping measures, on September 26, 2025, it launched International Bidding Process No. PCI-002-2025-OFP for the award of the Comprehensive Transformation Service.

The process was carried out in compliance with the minimum technical requirements established in Article 7 of Emergency Decree No. 013-2024.

Following the technical evaluation of the five proposals received, it was determined that four of them did not meet the minimum technical requirements and were therefore disqualified in accordance with the terms of the process. The only proposal that met the technical criteria exceeded the estimated reference amount by 17%. Consequently, on November 7, 2025, the first call for the process was declared void.

Petroperú will subsequently initiate the second call during the second half of November, with the process expected to conclude no later than the third week of December 2025.

About Petroperú

Established in 1981 as a Public Limited Company pursuant with Legislative Decree No 43 (founded in 1969), Petroperú is one of the largest hydrocarbon corporate entity in Peru in terms of total sales and the largest enterprise of the Peruvian sovereign (100% owned by Peru). Likewise, it is also the Peru's largest refiner in terms of refining volume capacity and form a critical part of the country's energy infrastructure and economy. Also, it has the largest distribution network for crude oil and refined products in the country, and it is the sole provider of refined products to certain areas of Peru. It is also the concessionaire and operator of Peru's main oil pipeline, the "Norperuano Oil Pipeline", which links the crude oil production fields in the northern rainforest of Peru with our facilities in the Port Bayovar near our Talara Refinery. Its business is comprised primarily of midstream and downstream but also upstream petroleum activities, including: the refining and blending of crude and intermediate hydrocarbon products, the distribution and sale of refined products through our wholesale distributors and associated retail service stations and direct sales, the transportation of crude through the Norperuano Oil Pipeline, the concession of Blocks Z-69, X, 64 and 192, and the leasing of certain of its facilities to third parties.
