About Petroperú

Established in 1981 as a public limited company pursuant to Legislative Decree No. 43 (founded in 1969), Petroperu is one of the largest hydrocarbons companies in Peru in terms of total sales and the largest state-owned enterprise in Peru (100% owned by Peru). Likewise, it is also Peru's largest refiner in terms of refining volume capacity and forms a critical part of the country's energy infrastructure and economy. Also, it has the largest distribution network for crude oil and refined products in the country, and it is the sole provider of refined products to certain areas of Peru. The Company is also the concessionaire and operator of Peru's principal oil pipeline, the Norperuano Oil Pipeline, which links the crude oil production fields in the northern rainforest of Peru with our facilities in the Port Bayovar near our Talara Refinery. The Company's operations include upstream, midstream and downstream petroleum activities, including: the refining and blending of crude and intermediate hydrocarbon products, the distribution and sale of refined products through our wholesale distributors and associated retail service stations and direct sales, the transportation of crude through the Norperuano Oil Pipeline, the license contracts of Blocks Z-69, X, 64 and 192, and the leasing of certain of its facilities to third parties.
